

During your time away from campus we know that Boynton Pharmacy may not be the most convenient pharmacy for you. Because of this, we have enhanced your pharmacy benefit, effective immediately, so that you are able to purchase your covered prescription(s) at pharmacies in the Prime Therapeutics pharmacy network. You will still be responsible for your copay.

You will be sent a new medical ID card in the mail which will also contain your new pharmacy benefit information. Until your replacement ID card arrives you can use this [sample pharmacy ID card \(pdf\)](#) along with your current medical ID card in order to purchase prescriptions at in-network non-Boynton pharmacies.

Prior to now, your pharmacy benefit only included Boynton Pharmacy. The modification to allow prescription benefits through other pharmacies is currently expected to last through August 23, 2020.

Find a Pharmacy

The following pharmacies are all in the Prime Therapeutics network:

- Walgreens
- CVS/Target
- Walmart
- HyVee
- Cub

To locate additional participating pharmacies, either call Blue Cross Customer Service at 1-866-873-5943, or go to bluecrossmn.com/uofmn and either log in or register, using only the number portion of your ID # from your Blue Cross member ID card. Once logged in, click on "Prescriptions" on the top of the page, click on "Find a Pharmacy". It will direct you to Prime Therapeutics home page. Click on "Find a Pharmacy" again and insert your ZIP code. You will be searching in the "Select" pharmacy network.

Change to Prescription Reimbursement

Please note that beginning April 1, our office will no longer offer reimbursement for prescriptions paid for out-of-pocket at non-Boynton pharmacies as previously communicated. This is because you are now able to pay your copay and pick up your prescription at any pharmacy in the Prime Therapeutics pharmacy network.
