

## Student Health Benefits

UNIVERSITY OF MINNESOTA

Our office has made the following updates to your Blue Cross and Blue Shield of Minnesota health plan coverage in response to COVID-19.

If you or a covered dependent have a COVID-19 related visit with a provider (office, urgent care, emergency department, telehealth) that results in an order for a COVID-19 test, it will be covered at no cost to you.

If you or a covered dependent have a COVID-19 related visit with a provider (office, urgent care, emergency department, telehealth) and a test is not available and the provider submits a confirmed COVID-19 diagnosis code in accordance with CDC guidelines, it will be covered at no cost to you.

If you or a covered dependent require inpatient and/or outpatient treatment for COVID-19, when treatment follows evidence-based COVID-19 treatment guidelines, it will be covered at no cost to you. This benefit applies through 5/31/2020 and does not include experimental pharmaceuticals and medical treatments.

Please know that the situation continues to evolve rapidly and our office will update the [Office of Student Health Benefits website](#) as new information becomes available.
