Please take a moment to make sure you do not inadvertently lose your Student Health Benefit Plan (SHBP) coverage.

You were enrolled in the Student Health Benefit Plan (SHBP) for the Spring 2022 semester which provides coverage until 8/21/22. It is important and encouraged that students now review their Fall 2022 tuition accounts carefully to verify whether they are still eligible for the SHBP for the Fall 2022 semester.

When reviewing your tuition account, you will know you are eligible if the Student Services Fee (and the Student Health Benefit Plan fee) are automatically posted to the account. If the Student Services Fee (SSF) is not automatically posted to your account, then your current registration does not qualify you for coverage under the Student Health Benefit Plan (SHBP) for the Fall 2022 semester. The current coverage will terminate on 08/21/2022 unless there is a change in your registration and your eligibility as a result.

Please be aware: changes in registration may result in the SSF no longer being automatically assessed and thus make students ineligible for the SHBP.

Eligibility requirements for the SHBP can be reviewed on our website.

After you review your tuition account and verify the fees have been posted, our office recommends you complete the Health Coverage Declaration (HCD) by selecting “enroll me” and submitting the survey if you intend to stay on the plan. If you have already selected enrollment you may review this choice in your communication center through your MyU portal.

Thank you,
