

Student Health Benefits

UNIVERSITY OF MINNESOTA

Hello!

Students under the age of 19 who are enrolled in the Student Health Benefit Plan (SHBP) are automatically provided with *Pediatric Dental Benefits* at no extra cost. Your current benefits will terminate at the end of the month in which you turn 19 this year and you will be automatically switched to the standard *Preventive and Periodontal Benefits*, also at no extra cost. This standard coverage provides services such as teeth cleanings, x-rays, and comprehensive exams covered at 100%, and non-surgical periodontal coverage such as deep cleanings, covered at 80%.

Due to turning 19, you are eligible to enroll in the Dental Buy-Up Plan for an additional cost of \$419.58 which will cover you through 08/31/2023. The Dental Buy-Up Plan provides restorative dental benefit services such as emergency treatment, fillings, and tooth removal which are covered between 50-80%. To enroll, please submit the [Dental Buy-Up Plan Enrollment Form](#) within the 30 days following your birth month.

Please contact our office with any questions.
