WELCOME

The University of Minnesota is pleased to contract with Foster Klima to provide a Disability Insurance Plan through Guardian to eligible residents, fellows and interns. Eligible residents, fellows and interns are automatically enrolled in the Disability Insurance Plan.

BENEFIT HIGHLIGHTS

Disability insurance protects you should an injury or illness occur that leads to inability to work in your field. Your disability insurance coverage while at the University provides you with a tax-free monthly benefit as well as a student loan payoff provision (see chart on page 3 for specifics).

Anytime during and up to 90 days after completing your program, you are eligible to purchase an individual disability policy through Guardian with no medical underwriting. This means you will not be turned down for coverage regardless of your medical history, which is extremely valuable and rare. Contact your Foster Klima representative for more information.

To make the most of your coverage, and to be sure that you are aware of deadlines, policies and procedures that affect you, please review the information found in this brochure and on our website carefully.

Disability may be more common than you think. More than 25% of Americans entering the work force today will become disabled before they retire.²

ELIGIBILITY AND ENROLLMENT

Preparing to Leave the University – Guaranteed Standard Issue Conversion Option

As part of your University-sponsored Disability Insurance Plan, you have a time-sensitive and unique opportunity to purchase an individual disability income policy. Like your education, this policy goes with you when you leave the University, and the benefits follow you to wherever life may take you.

Highlights of this opportunity include:

• Tax-free monthly disability benefits.
• No medical underwriting.
• True Own Occupation definition of total disability with medical specialty language—this policy is portable and you can take it with you after you leave the University.
• Several important optional benefits, including a future increase option rider, a cost of living adjustment rider, a partial disability benefit rider and a catastrophic disability benefit rider.
• Higher limits are available six months prior to completion of your residency, fellowship or internship.

You may enroll in this guaranteed standard issue option anytime during and up to 90 days after completing your program. The GSI option will only be available to individuals that have not been declined or given a modified offer of individual disability insurance through a carrier other than Guardian within the last 5 years or within 9 months since beginning their program at the University of Minnesota, whichever is less. If an individual does not qualify for the GSI offer, they will still be given the opportunity to do a smaller conversion to an individual Guardian disability policy but this conversion offer is not as robust as the GSI offering.

To learn more about the benefits of purchasing an individual disability policy, contact your designated Foster Klima representative.

Learn the Lingo

An individual disability policy can help keep your household going if you suffer a long-term disability. The terms below are terms you should look for in high-quality policies.

Non-cancellable and Guaranteed Renewable

To avoid the possibility of losing your coverage just when you need it most, choose a policy that’s non-cancellable and guaranteed renewable to age 65. This provision will guarantee that as long as your premiums are paid on time, your policy cannot be cancelled, premiums cannot be increased, and policy provisions cannot be changed.

True Own Occupation

A True Own Occupation policy considers you totally disabled—and therefore eligible for benefits—when, solely due to injury or sickness, you are unable to perform the material and substantial duties of your occupation, even if you are gainfully employed in another occupation.

Enhanced Partial Disability Benefits

Through an optional rider, a good policy can provide you with a partial benefit for when you suffer a loss of income as a result of partial (residual) disability—even if you have never previously suffered a period of total disability.

Recovery Benefit

This benefit is important for many medical professionals. It provides a benefit—even if you have recovered—if you continue to suffer a loss of income due to an injury or illness that caused your disability. The best policies have a recovery benefit payable to age 65 or 67.

Personalize your policy with riders

Optional riders offer additional coverage such as Catastrophic Disability Benefits, annual Future Increase Options, student loan and Cost of Living Adjustments (COLA).

**Important Information:** We limit the duration of payments for long-term disabilities caused by mental or emotional conditions, or alcohol or drug abuse. We do not pay LTD or STD benefits for charges relating to a covered person: taking part in any war or act of war (including service in the armed forces); committing a felony or taking part in any riot or other civil disorder; or intentionally injuring themselves or attempting suicide while sane or insane. We do not pay benefits during any period in which a covered person is confined to a correctional facility, an employee is not under the care of a doctor, and the employee’s loss of earnings is not solely due to disability. This policy provides disability income insurance only. It does not provide “basic hospital,” “basic medical,” or “major medical” insurance as defined by the New York State Insurance Department.

If the plan is new (not transferred), this LTD plan does not pay charges relating to a pre-existing condition. On New York cases, no benefit will be payable until the employee has been insured for 12 consecutive months. At that time, provided the employee remains disabled, he or she becomes eligible to receive benefits for the full plan duration, from that day forward, subject to all plan provisions. A pre-existing condition includes pregnancy and any condition for which an employee, in the three-month period prior to coverage under this plan, consults with a physician, receives treatment, takes prescribed drugs or exhibits symptoms which would cause an ordinarily prudent person to seek medical care or treatment. Please refer to plan documents for specific time periods. Pre-existing condition limitations vary by state. Contract # BSP 214-98. The Guardian Life Insurance Of America.
