Dear College of Pharmacy student,

The University of Minnesota and the Office of Student Health Benefits partners with Foster Klima to provide you long-term disability insurance. This benefit protects you if you develop a condition that leads to a leave of absence or prevents you from completing your program. Upon graduation, you have an opportunity to convert to an individual disability policy, regardless of any pre-existing medical conditions.

We encourage you to meet with your University-designated Foster Klima representative, Erik Bohn, to learn more about your disability insurance. Erik can also advise you on managing student loans, saving for future goals and financial planning.
