Dear Academic Health Center student,

Our office, the Office of Student Health Benefits, partners with Foster Klima to provide you long-term disability insurance. This benefit protects you if you develop a condition that prevents you from completing your education.

You have access to a Foster Klima representative designated to your program, who can help you learn more about the long-term disability benefit.

Additionally, you can connect with your rep to learn how you can convert your coverage to an individual policy after completing your program, or help answer questions on student loans and financial planning.

Protect your future and contact your rep today!
