Dear graduate assistant, trainee or fellow,

The University is pleased to offer you exceptional, cost-effective health benefits through the Graduate Assistant Health Plan (GAHP). The 2017-2018 plan year goes from September 1, 2017 to August 31, 2018. Enrollment information and forms are now available on our website.

If you are a newly eligible graduate assistant, you must complete the enrollment process by September 15, 2017, or within 14 days of the start date of your appointment to have coverage.

If you were enrolled during the 2016-2017 plan year and did not have dependents enrolled, you do not need to re-enroll. As long as you remain an eligible graduate assistant, fellow, or trainee, your enrollment will automatically continue next term.

If you had dependents enrolled during the 2016-2017 plan year, you must re-enroll yourself and your dependents at the start of each academic year. Even if you do not want to re-enroll for dependent coverage, you must submit an enrollment form for yourself to continue coverage on the GAHP. You must complete the enrollment process by September 15, 2017.

If you will no longer have an eligible assistantship, traineeship or fellowship, your current coverage will automatically terminate on August 31, 2017. You have the option to continue coverage for up to 18 months at your own expense with the Continuation of Coverage plan. This option is also available if you are graduating. Learn more.

Please contact our office if you have any questions.
