Dear Graduate Assistant, Trainee, or Fellow,

The University is pleased to offer you exceptional, cost-effective health benefits through the Graduate Assistant Health Plan (GAHP). Coverage for the 2016-17 year will begin on September 1, 2016.

If you are a newly eligible graduate assistant, you must complete the enrollment process by September 20, 2016 to have coverage.

If you were enrolled during the 2015-16 plan year and did not have dependents enrolled, you do not need to re-enroll. As long as you remain an eligible graduate assistant, fellow, or trainee, your enrollment will automatically continue next term.

If you had dependents enrolled during the 2015-16 plan year, you must re-enroll yourself and your dependents at the start of each academic year. Even if you do not want to re-enroll for dependent coverage, you must re-enroll yourself for your coverage to be continued. You must complete the enrollment process by September 20, 2016 to have coverage.

If you will no longer have an eligible assistantship, traineeship or fellowship, your current coverage will automatically terminate on August 31, 2016. You have the option to continue coverage for up to 18 months at your own expense with the Continuation of Coverage plan. Learn more here.

Enrollment materials are available on our website.
